

THE PERLA BALLET

A PLACE TO BE. A PLACE TO BECOME.

Annual Season Sponsorships

The Perla Ballet (a 501(C)3) is a **youth ballet company** in the heart of St. Augustine. For the community, TPB offers several live productions each year, presented by students and with professional guest appearances.

For the students, The Perla Ballet is a place where they are **encouraged to be individuals, strengthening their character and unique personality**, while giving them a platform to **grow and mature as artists and as emerging adults**.

The Perla Ballet **accomplishes this through the performing art of dance**. Our successful training and community environment have allowed students to continue into professional dance careers, as well as many other professional industries, vocations and home development. We are also honored to have graduates from years past now teaching and on staff. This is all possible because of the audience members, the sponsors such as yourself, and the performing students and their families. The Perla Ballet exists because of and for each of these groups.

Thank you for giving to an effort that aides in the transformative experience of the performing arts for the students and the audiences! A donation statement will be sent to you for your contribution.
